Subject: RE: PCB remediations at Navy-Northrop Grumman

Hi Jason – Thanks again for returning my call. I am going into a meeting, and I will try to call you again at around 3:00 pm.

Thanks,
Carol

Subject: RE: PCB remediations at Navy-Northrop Grumman

Hi Jason – I hope all is well with you. I was asked to find out the following regarding PCB removals pertaining to Navy/Northrop-Grumman Bethpage:

1. The website (link below) states that remediation of the Drum Marshalling Area was to be completed by early 2020. What is the status, and has this been completed?
2. Bethpage Park –When we last spoke in September, the thermal treatment system had been turned on to remediate the VOCs, and PCB excavation was anticipated in approximately five to seven months. What is the concentration and approx. volume of PCBs to be disposed? Do you know if a Self-Implementation Plan (under TSCA) is needed for the PCB excavation?

Thanks,
Carol

That's odd. Not sure what happened.

Sorry.

Carol:

Here is a link to the project-specific website.

I will be updating this shortly.

Thanks
Jason
